Wanaka, Southern Lakes

Bike Tours & Heli Biking Trips

Wanaka Bike Tours is like no other adventure guiding company. The outdoors is not only a passion, it's a whole lifestyle, and it's this experience shared with you on each tour. Many of the biking locations are exclusive to Wanaka Bike Tours and off the beaten track to really give you a sense of adventure, from NZ's highest heli bike to a breathtaking beautiful leisure ride around Lake Wanaka.

Dan McMullan, founder, owner and operator of Wanaka Bike Tours established the business in 2005 and it quickly became the leader in mountain bike guiding covering all aspects of riding. His ambition: to give clients a unique riding experience, not only helping them better their riding, but to have an unforgettable time and see a truly special part of the world.

Be inspired through mountain biking. With exceptional guides, amazing terrain, step by step coaching and that warm fuzzy feeling you get when you feel that you're on top of the world! Small on numbers, big on satisfaction.

Biking Tours

Choose from easy lakeside and river trail rides or family adventures to more challenging back country tracks and jet boat-bike combos. If you're not an experienced rider, we pride ourselves on our ability to coach on every tour so you will come away with a better understanding of how to safely ride while having fun in the outdoors.

Clutha River: A local favorite! Explore the trails both sides of the Clutha River. A combination of the scenery and terrain which makes this the perfect ride for all abilities. With our local and knowledgeable guide, you will get to see and experience so much more than just riding including a cup of tea and some home baking while overlooking the Clutha river as well as finishing off with a delicious lunch at the historic Luggate Pub.

West Wanaka: The trail runs through an iconic farm station on the outskirts of Wanaka which offers isolated and pristine landscapes as well as breathtaking views of Mt Aspiring and the Lake Wanaka. This trip is as much about biking as it is about the scenery so there will be plenty of time to relax on one of the many remote beaches along the way and take in the views. Your ride includes around 2.5kms of single track and the rest is wide farm track. For the riders that want to get out and explore! Ride in the mountains that overlook Lake Wanaka. A mixture of trails means there is something to be enjoyed by those of all abilities. And for the more experienced bikers, we have some single track that can take you even further into the wilderness!

Departs 8am | Duration 4 hours (year round)

Heli-Bike Tours

Wanaka Bike Tours run a range of heli-bike trips from intermediate to advanced options. Their Mount Burke trip is the most awe-inspiring ride.

Mt Burke: The helicopter flight above Lake Wanaka is a must do in itself. This trip starts by landing you high on the ridgeline that divides Lake Wanaka and Lake Hawea. The land is part of an extensive private high country farm with views across both lakes towards the Southern Alps. Your ride is all downhill! A big and beautiful descent to lake level along a little-used farm track with outrageous views around every corner. All equipment provided, suits intermediate to advanced riders.

Departs 8am | Duration 4 hours (November-May only)

Price: \$199 to \$699
